

Ground-Guards is the World's number one plastic temporary roadway system.

These lightweight unbreakable plastic panels are easy to lay out by hand, and join together with No-Tools joiner clips.

- Virtually indestructible high-tech plastic
- 2.4 x 1.2m panels weigh just 39kg
- Easily installed by hand without a hiab
- Quickly connect together using No-Tools joiners
- Avoid excavating for roadways.
- Guaranteed for life

"If you can break it, we'll replace it"

* Ground-Guards are guaranteed unbreakable by vehicles up to 120 Tonnes. However, it is the user's responsibility to assess the load-bearing capacity of the ground, and to only operate vehicles within the weight that the ground is capable of safely supporting. Ground-Guards Ltd accepts no liability whatsoever for any damage, loss or injury arising from the ground conditions on which these products are used.

Ground-Guards are not suitable to use for bridging purposes.
